About Tamborine State High School

Tamborine Mountain State High School is nestled in the scenic hinterland of the Gold Coast region, offering a distinctive educational environment. The school is known for its natural surroundings providing an inspiring space for learning and personal growth.

Tamborine Mountain State High School has been an integral part of the local community, establishing itself as a well-respected, well-resourced school, with a dedicated team of staff and volunteers who support and encourage learners to experience daily success.

Located in the heart of the Scenic Rim Shire, Tamborine Mountain State High School is part of the South East Education Region. The school was first established in 1999 as a co-educational secondary annex of Helensvale State High School, initially catering to students in Years 8–10. In 2002, Tamborine Mountain State High School became an independent institution, expanding to support students from Years 8 to 12. The school continued to grow with the inclusion of Year 7 in 2015, in line with education reforms across Queensland. Since 2002 the school has grown enormously. All enrolments are determined by an Enrolment Management Plan based on a catchment area.

Tamborine Mountain State High School services the feeder primary schools of St. Bernard State School, Tamborine Mountain State School, Canungra State School and Cedar Creek State School.

The school provides them with multiple pathways to excel in academic, cultural and sporting arenas. We continue the development of our programs through student, parent and teacher feedback. The school is well resourced and technologically sophisticated. This ensures the programs reflect and complement the school's contemporary approach to secondary education.

The Tamborine community has a strong and passionate ownership of the school and collectively aspire to an exceptional performance level for staff and students.

Our Purpose

Students at Tamborine Mountain State High School will be active and reflective members of the community, with the skills and desire to be lifelong learners.

To achieve our purpose, our school will be characterised by:

- A focus on literacy/numeracy as the basis for all learning.
- Learning which is relevant, challenging and responsive to individual and community needs.
- Productive partnerships throughout the school community.
- Staff who are committed to excellence in teaching and learning.
- A supportive and disciplined environment in which all students can learn.

Programs and Partnerships

At Tamborine Mountain State High School, we offer a diverse range of extra-curricular opportunities to support students' personal growth and passions. From instrumental music and performing arts productions to vocational education tertiary education pathways and our sports academy, students are encouraged to explore their interests and develop new skills beyond the traditional classroom.

The Resilience Program

At Tamborine Mountain State High School, we are proud to lead a collaborative initiative designed to foster emotional strength and wellbeing in our young people. Our Resilience Program equips students with practical, evidence-based tools to enhance their mental health and overall resilience.

Through a focus on gratitude, empathy, and mindfulness, students learn strategies that are proven to improve wellbeing, strengthen emotional regulation, and build healthy relationships. These core skills empower them to confidently navigate challenges both in and out of the classroom.

In partnership with St Bernard's State School, Tamborine Mountain State School, and Canungra State School, we are united in our commitment to nurturing emotionally healthy, resilient students across our community. Together, we are creating a supportive network where young people are encouraged to thrive socially, emotionally, and academically.

Sports Academies

The Tamborine Mountain State High School Sports Academy Program offers a specialised sports development pathway for male and female students in Years 7 to 10, with a focus on Soccer and Rugby League.

Designed to nurture athletic talent, the program provides student-athletes with the opportunity to further develop and advance their sporting skills. Under the guidance of our experienced coaching staff and teachers, students receive high-quality training while being supported in maintaining a strong balance between their academic studies and sporting ambitions.

The Sports Academy is more than just a training program, it's a commitment to strength, discipline, and personal growth, both on and off the field.

Why Sponsor?

In order to support the continued growth and advancement of Tamborine Mountain State High School, we place great value on the involvement of the wider community.

To further enhance our educational offerings, Tamborine Mountain State High School has introduced the School-Wide Sponsors and Program Sponsorship opportunities. These initiatives are designed to supplement funds raised by the school, enabling the acquisition of essential facilities and equipment that foster an enriched learning environment and empower students to reach their full potential.

Benefits Of Sponsorship

- Exposure to a growing school community of over 932 students, 145 staff, their families and approximately 3885 past students
- Capacity to advertise your business and an opportunity to increase revenue possibilities
- Connect with the Scenic Rim and greater communities
- Recognition of the partnership between your company and Tamborine Mountain State High School
- Opportunity to support public education and the Scenic Rim community to achieve their potential through funding for facilities and equipment
- Reach our audience of over 2.1K Facebook users

A variety of sponsorship levels are available with opportunities ranging from *bronze* to *premium school wide sponsorship packages*.
