# BREACH OF “HANDS OFF” RULE

Students involved in \_\_\_\_\_ on \_\_\_\_\_ have been asked as part of a learning experience to write a 500 word essay. This is a consequence for a breach of the “hands off” rule that resulted in an injury.

The following is a list of issues to consider when writing the essay:

- Dangers of playing physical contact sport.
- Why schools have rules and policies?
- What would you do differently next time?

**Note: Once the task is completed students are to include a parent/guardian signature (located at the end of handout) to confirm completion and student understanding.**
